Step 1 – Choose Type:.....	1
Type I Tuition Units: \$164.12 per unit.....	1
Type II Tuition Units: \$114.60 per unit .....	1
Type III Tuition Units: \$30.71 per unit .....	1
Step 2 – Choose Payment Plan:.....	1
Lump Sum Plan .....	1
Installment Plan .....	1
Pay-As-You-Go Plan.....	1
Step 3 – Choose Number of Units .....	1
Type I Tuition Unit Prices and Payment Options.....	2
Type II Tuition Unit Prices and Payment Options .....	7
Type III Tuition Unit Prices and Payment Options .....	12
Unit Redemption Values for 4-Year Schools (highest to lowest) .....	17
Unit Redemption Values for 4-Year Schools (alphabetical order).....	23
Unit Redemption Values for 2-Year In-District Schools (highest to lowest).....	29
Unit Redemption Values for 2-Year In-District Schools (alphabetical order) .....	31
Unit Redemption Values for 2-Year Out-of-District Schools (highest to lowest) .....	33
Unit Redemption Values for 2-Year Out-of-District Schools (alphabetical order).....	35

# 3-Step Process to Establish Your Texas Tuition Promise Fund® Account

## Step 1 – Choose the Type of Units:

### **Type I Tuition Units: \$164.12 per unit**

Based on 100 units = 30 semester hours = 1 academic year at the most expensive 4-year Texas public college or university, excluding medical and dental institutions.<sup>1</sup>

Covers undergraduate resident tuition and schoolwide required fees for one 30-semester credit hour academic year at up to the most expensive 4-year Texas public college or university, excluding medical and dental institutions. Fewer than 100 units would be needed to pay for one academic year at an eligible Texas public college or university that is not the most expensive in the year the units are redeemed. See pages 17-36 for more information.

### **Type II Tuition Units: \$114.60 per unit**

Based on 100 units = 30 semester hours = 1 academic year at the weighted average cost of 4-year Texas public colleges and universities, excluding medical and dental institutions.<sup>1, 2</sup>

Covers weighted average cost of undergraduate resident tuition and schoolwide required fees for one 30-semester credit hour academic year at eligible 4-year Texas public colleges and universities in the year of the redemption. If the cost per semester hour at your beneficiary's school is higher than the weighted average cost of tuition, or if your child takes more than 30 semester hours, you will have to use more units or pay the difference. See pages 17-36 for more information.

### **Type III Tuition Units: \$30.71 per unit**

Based on 100 units = 30 semester hours = 1 academic year at the weighted average cost of 2-year Texas public colleges and universities paid by residents of the taxing jurisdiction of the 2-year public college.<sup>1, 2</sup>

Covers weighted average cost of undergraduate resident tuition and schoolwide required fees for one 30-semester credit hour academic year at eligible 2-year Texas public colleges in the year of the redemption. If the cost per semester hour at your beneficiary's school is higher than the weighted average cost of tuition, or if your child takes more than 30 semester hours or is not a resident of the school's taxing jurisdiction, you will have to use more units or pay the difference. See pages 17-36 for more information.

## Step 2 – Choose Payment Plan:

**A \$25 application fee must be paid to enroll in the plan. The \$25 Application Fee is waived for new online enrollments during the months of September and October 2023 or for mail-in application forms received or postmarked prior to November 1, 2023.**

### **Lump Sum Plan**

The Lump Sum Plan allows you to purchase a specific number of units or a specific dollar amount through a one-time payment at the sales price in effect at the time of enrollment. You must purchase at least 25 Type I or 50 Type II or Type III Tuition Units.

### **Installment Plan**

The Installment Plan allows you to purchase a specific number of units and make your payments over time by either monthly or annual payments (5 or 10 years) or extend your payment schedule until the beneficiary's projected high school graduation date.

All Installment Plan contracts are based on the sales price in effect at enrollment, and payments include a 6% annual interest component.<sup>3</sup>

### **Pay-As-You-Go Plan**

Purchase anywhere from one unit to the equivalent of 600 Type I Tuition Units at any frequency you choose. You do not have to decide to buy a pre-set number of units. After an initial purchase of at least one unit, future purchases may be as little as \$15.

Tuition units are purchased at the sales price in effect at the time payment is received.

## Step 3 – Choose the Number of Units

(100 units = 30 semester hours = 1 academic year)

**Before enrolling in the plan, you should read the Plan Description and Master Agreement available in the Enrollment Kit or on the website at [TexasTuitionPromiseFund.com](https://www.texas-tuition-promise-fund.com).**

<sup>1</sup> If instead your beneficiary attends a Texas medical or dental institution, Texas private college or university, out-of-state college or university, career school, or registered apprenticeship program, the plan can be used to pay all or a portion of the tuition and schoolwide required fees. Tuition is not locked in at these schools or programs, which means Transfer Value of the plan will be used to pay tuition and schoolwide required fees based on the rates at the time your beneficiary starts the school or program. Transfer Value is the lesser of (1) the costs the tuition units would cover at a Texas public college or university, or (2) the original purchase price of the tuition units plus or minus the plan's net investment earnings or losses on that amount.

<sup>2</sup> Weighted Average is defined in the Master Agreement and is calculated according to a formula established by Texas law. The Plan will calculate two Weighted Averages: (1) A Weighted Average cost of undergraduate resident tuition and schoolwide required fees for 4-year public senior colleges and universities in Texas, and (2) a Weighted Average cost of undergraduate resident in-district tuition and schoolwide required fees at 2-year public institutions of higher education in Texas (public junior colleges, public state colleges and public technical institutes). Weighted Averages are essentially the average cost of undergraduate resident tuition and schoolwide required fees at these public colleges and universities in Texas (institutions) and are calculated by (1) multiplying the average amount of the institution's undergraduate resident tuition and schoolwide required fees for an academic year consisting of 30 semester credit hours by the number of full-time equivalent undergraduate resident students at the institution; (2) adding together the products computed in (1) for each institution; and (3) dividing the sum determined in (2) by the total number of full-time equivalent undergraduate resident students at all institutions.

<sup>3</sup> *Installment Plan Price Differential.* Installment Plan contracts will result in a higher total cost for the same number of tuition units purchased through Pay-As-You-Go or Lump Sum payment options (depending on the time value of money). The interest component in Installment Plan pricing is a rate set by the Board and is reflected in the Pricing Schedule.

Type I Tuition Unit Prices and Payment Options

Number of Units	Grade Level or Age of Beneficiary	Lump Sum	Monthly Installments				Annual Installments

<sup>5</sup> Cost of undergraduate resident tuition and schoolwide required fees are for a 30-semester credit hour academic year paid by residents of the taxing jurisdiction of the 2-year public college.

The Texas Tuition Promise Fund® (“Plan”) is administered by the Texas Prepaid Higher Education Tuition Board (“Board”). Orion Advisor Solutions, Inc. is the plan manager. The Plan and the Board do not provide legal, financial, or tax advice and you should consult a legal, financial, or tax advisor before participating.

Non-residents of Texas should consider whether their home state, or the beneficiary’s home state, offers its residents any tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for participants in that state’s plan.

Participation in the Plan does not guarantee admission to or graduation from any college or university. Only the purchaser may direct redemptions, withdrawals, changes in beneficiary, or other contract changes.

You may lose money by participating in the Plan. No part of a contract is a deposit or obligation of, or is guaranteed or insured by, the Board, the state of Texas, or any agency or agent thereof. The contracts have not been registered with or approved by the SEC or any state. Purchasers should carefully consider the risks, fees, charges, and expenses associated with contracts, including Plan termination and reduced Transfer or Refund Value. Transfer Value applies to redemptions at Texas private colleges and universities, out-of-state colleges and universities, medical and dental schools, career schools, and registered apprenticeship programs and is the lesser of: (1) the costs the units would cover at a Texas public college or university; or (2) the original purchase price of the units plus or minus the Plan’s net investment earnings or losses on that amount. Texas Match the Promise Foundation<sup>SM</sup> scholarships can only be used at Texas public colleges and universities, and any Transfer Value of a Match the Promise Foundation scholarship account cannot be utilized. The Plan Description and Master Agreement contain this and other information about the Plan and may be obtained by visiting [TexasTuitionPromiseFund.com](https://www.texas tuition promise fund.com) or calling 800-445-GRAD (4723), option 5. Purchasers should read the Plan Description and Master Agreement, and all other Plan documents carefully before purchasing a contract.
